Muya Pocket Stereoscope Magn. of 2x and Inter-pupillary Distance of 55mm to 75mm

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Muya Pocket Stereoscope Magn. of 2x and Inter-pupillary Distance of 55mm to 75mm

Manufacturer: MU YA
Model: SUR-GEN-01349
Availability: In Stock

Description

A compact pocket-style stereoscope with twin lenses in a folding metal frame, giving roughly 2x magnification for viewing overlapping aerial photo pairs in 3D. Its adjustable eyepiece spacing accommodates different interpupillary distances, making it a lightweight, portable tool for photogrammetry and photo-interpretation fieldwork.
