Muya High Precision Gps Receiver, Model T60-gg/gb(I1+I2)

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Muya High Precision Gps Receiver, Model T60-gg/gb(I1+I2)

Manufacturer: MUYA

Model: SUR-GEN-03301

Availability: In Stock

Description

A dual-frequency GNSS survey receiver mounted on a carbon-fiber pole with an extendable tripod, paired with a rugged handheld data controller. This RTK setup is used by land surveyors to capture centimeter-accurate coordinates in the field.
