Muya Plane Table with Metal Head

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Muya Plane Table with Metal Head

Manufacturer: MUYA

Model: SUR-GEN-03468

Availability: In Stock

Description

A plane table surveying setup: a flat drawing board mounted on a tripod, used together with an alidade to plot bearings and features directly onto paper in the field. This traditional graphical surveying method is still taught and used for quick topographic mapping.
