Muya Engineer's Multi- Purpose Tilting Level

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Muya Engineer's Multi- Purpose Tilting Level

Manufacturer: MUYA

Model: SUR-GEN-03469

Availability: In Stock

Description

An engineer's tilting/dumpy-style optical level mounted on a tripod, used to establish and check horizontal reference lines during leveling surveys. The instrument's telescope sits on a leveling base, letting the operator sight a graduated staff to determine relative elevations.
