

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Muya Survey Chain

Manufacturer: MUYA

Model: SUR-GEN-03470

Availability: In Stock

Description

A traditional metal-link surveyor's chain with looped handles and marker tags at intervals, historically used for chain surveying and distance measurement. Each link and tally allows the surveyor to measure ground distances directly without instruments.
