Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Manufacturer: MUYA
Model: SUR-GEN-04608
Availability: In Stock

Description

A geologist's rock hammer with a pointed pick on one end and a flat square face on the other, fitted with a shock-absorbing grip handle. Geologists use the pick end to split and pry rock samples and the flat end for general striking and breaking.
