Linen Tape Measure FGT-04 10m

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Linen Tape Measure FGT-04 10m

Manufacturer: ERP Manufacturer #27

Model: MEA-LEI-01396

Availability: In Stock

Description

These long fiberglass tape measures have a compact closed case that fits perfectly in your hand. The flush-folding design drives the crank pop up to rewind easily. When you measure by yourself, since the metal hook is set at zero, there is no need for an extra correction. These features are very popular, especially for those users who primarily do interior measuring work. Closed-ABS housing design make the tape protected well. The tape is made Metric scale on one side and Imperial scale measurements on the other. Lightweight but strong case is perfect for handling and rewinding. Better designed to prevent most of the damages than any other kind of measuring tape, more durable than steel...
