Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Manufacturer: TOKNAV
Model: GEN-TOK-7728053
Availability: In Stock

Description

The TokNav T20Pro is a rugged, all-in-one GNSS receiver built for demanding survey and construction sites. It tracks all major satellite systems across 1408 channels and includes a built-in internal radio plus a 4G modem for network RTK. With IP68 protection, tilt-compensated measurement, and a battery good for 16+ hours of continuous use, it is designed for full-day fieldwork without external accessories.
