

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Short Steel Tape SMT-72 10m X 25mm

Manufacturer: N/A

Model: MEA-GEN-01398

Availability: In Stock

Description

Certificate: EEC, MID, CEPolyester film steel tape (lacquered steel tape or nylon coated tape blade) is more wearable in the using, and extends the life of the entire blade for corrosion resistance. With the measurement indicators on the measurement tape, bold black scales large numbers with white or yellow background for the blade is easy to read. With steel hook tip (also called hooked tab) at the end of the tape. The 1-Inch blade is bend resistant and very straight even if the tape is stretched too long and too many times, not be deformed easily. Smooth and optimized internal mechanism and heat-treated spring provides long life and smooth blade recoil. Great stopper button gets you the correct...
