FOIF Carbon Fiber GNSS Rover Rod

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

FOIF Carbon Fiber GNSS Rover Rod

Manufacturer: SUZHOU FOIF

Model: SUR-SUZ-1580764

Availability: In Stock

Description

Carbon-fibre telescopic GNSS rover pole with a 5/8-inch thread, compatible with FOIF and other RTK GNSS receivers. Note: no FOIF-branded model of this exact pole could be verified against FOIF's own product line - carbon-fibre rover poles are a generic accessory category sold by many resellers, not a confirmed FOIF-manufactured SKU, so this is described generically rather than as an authentic FOIF part.
