Microsurvey Field Genius Software for Android

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Microsurvey Field Genius Software for Android

Manufacturer: MICROSURVEY

Model: SUR-MIC-01823

Availability: In Stock

Description

FieldGenius for Android brings the same MicroSurvey data-collection engine to Android tablets and rugged Android controllers, letting surveyors run robotic and conventional total stations plus RTK GNSS receivers from a touchscreen. It shares the Windows edition's map-driven interface, live points/linework, and reporting tools in a brand-neutral package that supports hardware from multiple manufacturers.
