Topcon Bt-50q Battery Cells Only

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Topcon Bt-50q Battery Cells Only

Manufacturer: TOPCON

Model: SUR-TOP-03244

Availability: In Stock

Description

The BT-50Q is a 7.2V NiMH rechargeable battery (roughly 2700mAh) used to run Topcon's GTS-600 series total stations (GTS-600/601/602/605) in the field. It recharges on a BC-27CR-type charger and slots directly into the instrument's battery compartment.
