Mileseey PF308-800m Range Finder

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Mileseey PF308-800m Range Finder

Manufacturer: ERP Manufacturer #16

Model: MEA-MIL-01436

Availability: In Stock

Description

Range: 5m-800m Measurement unit: yd/m Angle measuring: -90°-90° Trajectory compensation angle: -20°-20° Angle accuracy: $\pm 1^\circ$ Magnification: 6X Objective lens diameter: 22mm Eyepiece lens diameter 16mm Dioptre adjustment: ± 5 D measurement accuracy: ± 1 m (Normal condition) Humanized design. Rainproof structure. Supplement with angle measurement. professional and reliable measuring performance. Super Excellent proof performance, the most durable laser measurer, which could meet with you needs under all using environment. Appliance area: Racing observation, observing the club, nautical observation and golf, hunting. Measuring Mode: Golf Trajectory Mode □ Golf Trajectory (scan) Mode Distance, Angle, Height Measurement S...
