

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5406 Capacitance Decade Box

Manufacturer: ERP Manufacturer #8

Model: MEA-REE-02957

Availability: In Stock

Description

This capacitance decade box can be used to design and test circuits. The R5406 features slide switches that allow a user to easily add or subtract to quickly reach the desired capacitance range. Once tested, a capacitor size indicated by the decade box can then be put into the circuit.
