

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed AD-1 Thermocouple Adapter

Manufacturer: ERP Manufacturer #8

Model: MEA-REE-00826

Availability: In Stock

Description

This adapter converts any Type-K thermocouple temperature probe with a mini-connector to dual shrouded banana plug inputs.

For use with REED multimeters and clamp meters with contact temperature functionality.

Measurement accuracy and temperature range are dependent upon probe.
