Reed SD-2010 Heat Stress Meter, Wbgt Data Logger

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed SD-2010 Heat Stress Meter, Wbgt Data Logger

Manufacturer: ERP Manufacturer #8

Model: MEA-REE-00868

Availability: In Stock

Description

This heat stress datalogger measures temperature, humidity, and direct or radiant sunlight with Wet Bulb Globe Temperature (WBGT). With this information the SD-2010 determines the "What it feels like" temperature. The SD-2010 is OSHA recommended and also features a user-adjustable WBGT audible alarm and the ability to adjust settings for indoor temperature measurement. Using a SD card (max 16Gb), a user can select a desired sampling rate and quickly generate an Excel file on a SD card without the use of software. Optional accessories include a tripod and AC adapter for continuous long-term monitoring. Optional PC software also allows a user to track live measurements. Features Measures tem...
