# Reed R9900 Air Quality Meter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

## Product Overview

### Reed R9900 Air Quality Meter

**Manufacturer:** ERP Manufacturer #8

**Model:** MEA-REE-00916

**Availability:** In Stock

## Description

This IAQ (indoor air quality) meter simultaneously monitors carbon dioxide, relative humidity, and temperature. The R9900 is capable of automatically calculating wet bulb and dew point temperatures as well as statistical TWA and STEL averages. Features Triple LCD display simultaneously monitors carbon dioxide (CO<sub>2</sub>), relative humidity and temperature. Automatically calculates dew point and wet bulb. Calculates statistical weighted averages of TWA (8 hour time weighted average) and STEL (15 minute short term exposure limit). User adjustable audible alarm. Data hold, Max/Min and average functions. Low battery indicator and auto shut off. Ideal Applications for the REED R9900 Environmental Mo...
