Reed R5020 Clamp Meter, 400A AC W/Temp

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5020 Clamp Meter, 400A AC W/Temp

Manufacturer: ERP Manufacturer #8

Model: MEA-REE-00952

Availability: In Stock

Description

This compact autoranging clamp meter is capable of measuring AC current, AC/DC voltage, resistance, frequency, capacitance, duty cycle and temperature. Featuring double molded plastic housing, the R5020 includes diode check and continuity functions and a non-contact voltage detector built into the clamp tip. Features Measures AC current, AC/ DC voltage, resistance, capacitance, frequency, duty cycle and temperature 4000-count LCD display with low battery and overrange indicators Built-in non-contact voltage detector with LED indicator Display hold and relative mode Diode test and continuity check functions Durable double molded plastic housing Cat. III 600V safety rating Ideal App...
