

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5210 Receptacle Tester, Gfci

Manufacturer: ERP Manufacturer #8

Model: MEA-REE-00974

Availability: In Stock

Description

This outlet tester quickly identifies faulty wiring. Plug the instrument into the receptacle under test and match the light pattern to the indicator chart to determine the fault. The R5210 features a built-in GFCI test to quickly verify GFCI outlets are functioning properly.

Features

- Compact design
- Detects most common 3-wire receptacle issues
- LED indicators identify 5 wiring faults
- Status indicator chart
- GFCI trip test
