Product Overview

Reed R5300 Continuity Tester

Manufacturer: ERP Manufacturer #8

Model: MEA-REE-00975

Availability: In Stock

Description

This continuity tester is capable of checking circuits for continuity and identifying cables and wires up to 10,000 feet (3,000 meters) in length. Bright visual (bi-color LEDs) and loud audible (beeper) indicators allow wire ends to be tested in noisy environments. The R5300 is used by professional electricians, alarm/cable installers and in home audio installations. Features Local and remote continuity tester Lightweight design, connect alligator clips and the instrument suspends from wire/cable Visual (flashing bi-color LEDs) and audible (pulsating beeper) indicators Probe flashes green or red to indicate polarity Remote probe allows for one person operation Capable of sending signa...
