Reed R5008 Multimeter, 600v Ac/Dc

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5008 Multimeter, 600v Ac/Dc

Manufacturer: ERP Manufacturer #8

Model: MEA-REE-00982

Availability: In Stock

Description

This autoranging multimeter is capable of measuring AC/DC voltage and current, resistance, frequency, capacitance and temperature. Featuring double molded plastic housing, the R5008 includes diode check and continuity functions and ships complete with test leads and a thermocouple probe for contact temperature measurements. Features Measures AC/DC voltage and current, frequency, resistance, capacitance and temperature Diode check and continuity functions Relative and data hold functions Double molded plastic housing Cat. III 600V safety rating Ideal Applications for the REED R5008 Testing batteries Testing household wiring Testing electric motors Testing power supplies What...
