Reed R5009 Pocket Multimeter/Voltage Detector, 600v Ac/Dc

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5009 Pocket Multimeter/Voltage Detector, 600v Ac/Dc

Manufacturer: ERP Manufacturer #8

Model: MEA-REE-00984

Availability: In Stock

Description

This versatile pocket-sized multimeter includes a built-in flashlight and non-contact voltage detector. Practical and economical, the R5009 DMM measures AC and DC voltage and current, and resistance. The non-contact voltage detector quickly detects live voltage on electrical circuits found in residential, commercial and industrial buildings. Features Autoranging multimeter and non-contact voltage detector Built-in flashlight Diode check and continuity functions Auto power off and data hold Double molded housing and test leads CAT III 1000V, CAT IV 600V safety rating Ideal Applications for the REED R5009 Testing batteries Testing household wiring Testing electric motors Testin...
