

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5001 LCR Meter

Manufacturer: ERP Manufacturer #8

Model: MEA-REE-00994

Availability: In Stock

Description

This LCR meter measures inductance, capacitance and resistance with secondary parameters such as dissipation factor (D), quality factor (Q), phase angle ($\emptyset$) and equivalent series/parallel resistance (ESR or R_p). The R5001 features an easy-to-read LCD display with backlight, and data hold/relative functions. Features Measures inductance, capacitance and resistance Autoranging for AC impedance and DE resistance measurement Auto LCR smart check and measurement Series/Parallel modes $L_s/L_p/C_p$ with $D/Q/\emptyset$ /ESR parameters Support DCR mode 200Ω to $200M\Omega$ High accuracy with 4 / 5 terminal Kelvin measurement 10kHz testing frequency and up to 100kHz output frequency Backlit dual LCD display Dat...
