Reed R2310 IR Thermometer, Ip65, 12:1, -31/1202F, -35/650C

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R2310 IR Thermometer, Ip65, 12:1, -31/1202F, -35/650C

Manufacturer: Reed Instruments

Model: MEA-REE-00811

Availability: In Stock

Description

The REED R2310 is an IP65-rated infrared thermometer with a 12:1 distance-to-spot ratio, measuring -35 to 650C (-31 to 1202F). It includes a Class II laser pointer, backlit display, digitally adjustable emissivity, and max/min/average/differential readings with high/low alarms. The rugged double-molded housing is drop-tested to 3 meters and runs on a 9V battery for roughly 10 hours of continuous use.
