Reed C-370 Thermometer, Rtd, -148/ 572F, -100/300C

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed C-370 Thermometer, Rtd, -148/ 572F, -100/300C

Manufacturer: Reed Instruments

Model: MEA-REE-00817

Availability: In Stock

Description

The REED C-370 is a handheld RTD digital thermometer measuring -100 to 300C (-148 to 572F) with a puncture-style platinum resistance probe, compatible with PT-100, PT-500, and PT-1000 (4-wire) sensors. It features a backlit LCD display with selectable C/F, min/max/average readings, and data hold. Housed in an IP67 waterproof, stainless-steel-stem enclosure, it is suited for food service, medical, pharmaceutical, and industrial temperature monitoring.
