Reed Tp-01 Beaded Wire Probe, Type K, -40/482f, -40/250c

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed Tp-01 Beaded Wire Probe, Type K, -40/482f, -40/250c

Manufacturer: REED INSTRUMENTS
Model: MEA-REE-00844
Availability: In Stock

Description

The REED TP-01 is a Type K beaded thermocouple wire probe rated for -40 to 250C (-40 to 482F). It has a roughly 38-inch (96.5 cm) lead wire, color-coded to ANSI thermocouple standards, and connects to any Type K-compatible meter. It's a basic general-purpose probe suited to lab, HVAC/R, food service, and industrial temperature checks.
