Reed TP-R01 Probe, Replacement Rtd For C-370

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed TP-R01 Probe, Replacement Rtd For C-370

Manufacturer: Reed Instruments

Model: MEA-REE-00847

Availability: In Stock

Description

The TP-R01 is a genuine Reed Instruments replacement PT100 RTD temperature probe made specifically for the Reed C-370 RTD thermometer. It swaps in directly for the thermometer's original sensor when the probe needs replacing, restoring accurate temperature readings. It ships as a single probe unit.
