Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R2000 Thermometer, Digital, Waterproof, -40/450F, -40/230C

Manufacturer: Reed Instruments

Model: MEA-REE-00848

Availability: In Stock

Description

The REED R2000 is a waterproof digital stem thermometer with a stainless steel 4.75-inch probe, built for medical, food service, pharmaceutical, and industrial use. It reads from -40 to 450F (-40 to 230C) with 0.1 degree resolution and a 2-second response time, and its 3.5-digit LCD lets users switch between C and F. It runs on a single LR44 battery, includes a manual calibration screw, and auto shuts off after 10 minutes of inactivity.
