Reed R6013 Pin Moisture Detector, Compact

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R6013 Pin Moisture Detector, Compact

Manufacturer: Reed Instruments

Model: MEA-REE-00871

Availability: In Stock

Description

The REED R6013 is a compact, pocket-sized pin-type moisture detector that uses electrical resistance to check moisture content in wood as well as building materials like cardboard, paper, plaster, concrete, and mortar. It has an LCD bargraph display, replaceable pins, a low-battery indicator, and an automatic shut-off after 15 minutes of inactivity. It runs on three CR2032 batteries and comes with a belt clip and protective cap for portability on job sites.
