Reed Sd-4307 Conductivity/tds/salinity Meter, Data Logger

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed Sd-4307 Conductivity/tds/salinity Meter, Data Logger

Manufacturer: REED INSTRUMENTS

Model: MEA-REE-00886

Availability: In Stock

Description

The Reed SD-4307 is a handheld meter that measures conductivity, total dissolved solids, and salinity in water, with automatic temperature compensation across all ranges. It includes a real-time data logger with an SD card slot, letting users record readings at selectable sampling intervals and export them without extra software. A backlit dual LCD display, min/max and data-hold functions, and a carbon-rod electrode support extended field or lab monitoring use.
