Reed PE-11 Ph Electrode, 10 Diameter X 130 Mm

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed PE-11 Ph Electrode, 10 Diameter X 130 Mm

Manufacturer: Reed Instruments

Model: MEA-REE-00892

Availability: In Stock

Description

The REED PE-11 is a general-purpose pH electrode built with a PVC body and a single Ag/AgCl junction, measuring 10mm in diameter by 130mm in length. It connects via a BNC connector and a roughly 91cm cable, covering a pH range of 0-13 up to about 65C. It was originally paired with REED's SD-230 and R3000SD data-logging pH/ORP meters.
