Reed R9300 Combustible Gas Detector

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9300 Combustible Gas Detector

Manufacturer: Reed Instruments

Model: MEA-REE-00907

Availability: In Stock

Description

A handheld gas leak detector for methane, natural gas, propane, gasoline and many other combustible vapors. Its 16-inch flexible gooseneck probe reaches tight spaces, while an adjustable sensitivity wheel and combined audible/visual (tricolor LED) alarm flag leaks down to roughly 50 ppm methane. Runs on 3 C batteries for about 8 hours and ships with a soft carrying case; the sensor tip is user-replaceable.
