Reed R9900 Air Quality Meter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9900 Air Quality Meter

Manufacturer: Reed Instruments

Model: MEA-REE-00916

Availability: In Stock

Description

The REED R9900 is a handheld indoor air quality meter that tracks CO2 concentration, temperature, and relative humidity in real time, automatically calculating dew point and wet bulb readings. Its backlit LCD and one-handed grip make it easy to check ventilation quality in offices, schools, and factories. Ideal for facilities staff and HVAC technicians monitoring indoor air conditions.
