Reed R8080-Kit Sound Level Meter Data Logger & Calibrator Kit

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R8080-Kit Sound Level Meter Data Logger & Calibrator Kit

Manufacturer: Reed Instruments

Model: MEA-REE-00928

Availability: In Stock

Description

This all-in-one kit pairs a REED R8080 data-logging sound level meter with a matching R8090 acoustic calibrator, so you can measure noise levels and verify accuracy in the field without extra equipment. The meter offers triple-range measurement, fast/slow response, and onboard memory for up to 64,000 logged readings, all housed in a rugged foam-fitted carrying case with a windshield ball and batteries included. Ideal for industrial, construction, and workplace-safety noise audits.
