Reed Sd-9300 Multifunction Meter, Data Logger, 7 in 1

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed Sd-9300 Multifunction Meter, Data Logger, 7 in 1

Manufacturer: REED INSTRUMENTS

Model: MEA-REE-00944

Availability: In Stock

Description

The REED SD-9300 is a 7-in-1 environmental data logger that records air velocity, air temperature, ambient temperature, relative humidity, ambient light, and contact temperature, plus sound level when paired with the optional SL-417 adapter. Readings are logged directly to an SD card at user-selected sampling rates and exported as Excel-ready files, with optional PC software for live tracking. It's a strong fit for multi-parameter site surveys and long-term facility monitoring.
