Reed R5003 Ac Voltage/Current Data Logger, 2-Ch

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5003 Ac Voltage/Current Data Logger, 2-Ch

Manufacturer: Reed Instruments

Model: MEA-REE-00964

Availability: In Stock

Description

The REED R5003 is a dual-channel AC voltage/current data logger that can record two voltage inputs, two current inputs, or one of each simultaneously for unattended monitoring. It stores up to 256,000 readings with a user-adjustable sampling rate and downloads via USB to bundled software or Excel for analysis, making it well suited to load studies and power-quality troubleshooting.
