Reed R5001 LCR Meter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5001 LCR Meter

Manufacturer: Reed Instruments

Model: MEA-REE-00994

Availability: In Stock

Description

The REED R5001 is an autoranging LCR meter that measures inductance, capacitance, and resistance along with secondary readings like dissipation factor, quality factor, phase angle, and ESR. It supports 4- and 5-terminal Kelvin measurement for high accuracy, is rated IP67 for dust and water resistance, and includes a backlit display with data hold and relative modes. A full accessory kit of test leads, tweezers, alligator clips, and batteries is included.
