Reed R1050 Basic Test Leads (Fc-108)

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1050 Basic Test Leads (Fc-108)

Manufacturer: Reed Instruments

Model: MEA-REE-01019

Availability: In Stock

Description

A basic pair of test leads with shrouded 4mm banana plugs, offered in both straight-end and right-angle styles to suit different meter connections. Rated CAT III 1000V and 10A, they're built to work safely with any instrument accepting standard banana-plug connectors. A dependable, no-frills replacement or spare set for everyday electrical measurements.
