Reed R2810 Thermocouple Calibrator, Temperature

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R2810 Thermocouple Calibrator, Temperature

Manufacturer: Reed Instruments

Model: MEA-REE-01034

Availability: In Stock

Description

A handheld thermocouple calibrator that sources and measures 8 thermocouple types (R, S, B, E, K, J, T, N) plus DC volts, used to check and calibrate meters, controllers, transmitters, and recorders that take thermocouple inputs. It offers internal cold-junction compensation, a 6-digit LCD, quick-zero reset, and auto power-off.
