Reed SD-8205PROBE Replacement Probe For SD-8205

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed SD-8205PROBE Replacement Probe For SD-8205

Manufacturer: Reed Instruments

Model: MEA-REE-01061

Availability: In Stock

Description

This genuine REED replacement vibration probe restores full functionality to your SD-8205 Vibration Meter/Data Logger once the original wears out or is damaged. It connects via a 1.2 m (47.2 in) cable and delivers the same accurate vibration readings as the factory-installed sensor. A cost-effective way to extend the working life of your existing SD-8205 unit rather than replacing the whole instrument.
