Reed WG-01 Force Gauge Wedge Grip

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed WG-01 Force Gauge Wedge Grip

Manufacturer: Reed Instruments

Model: MEA-REE-01068

Availability: In Stock

Description

The REED WG-01 Wedge Grip is an accessory attachment for compatible REED force gauges, holding flat or sheet-like test material securely in place during tension or pull testing. Designed for use with a test stand, it improves repeatability and safety by preventing sample slippage mid-measurement. A simple, durable add-on for labs and QC lines that run frequent tensile tests.
