## Reed R3002 Manometer, 5psi

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

### Product Overview

## Reed R3002 Manometer, 5psi

**Manufacturer:** Reed Instruments

**Model:** MEA-REE-01080

**Availability:** In Stock

### Description

The REED R3002 is a compact digital manometer for gauge and differential pressure measurement up to 5 psi, with roughly 0.3% full-scale accuracy. It offers 11 selectable pressure units, a backlit LCD with real-time clock timestamping, and max/min/average/data-hold functions, making it a practical tool for HVAC diagnostics and general low-pressure testing. It ships with a USB cable, PC software, tubing, and a carrying case for field use.
