Reed RPDPA1 Replacement Lens Cover For Refractometers

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed RPDPA1 Replacement Lens Cover For Refractometers

Manufacturer: Reed Instruments

Model: MEA-REE-01092

Availability: In Stock

Description

This is a genuine replacement daylight plate (lens cover) for REED's handheld refractometer series, designed to snap onto the sample-viewing prism of the R9500, R9600, and R9700 models. It restores accurate readings once the original cover becomes scratched or cracked from regular field use. A simple, inexpensive way to extend the working life of an existing refractometer.
