Reed R7140 Tachometer, Photo/Contact, 99,999 Rpm/19,999 Rpm

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R7140 Tachometer, Photo/Contact, 99,999 Rpm/19,999 Rpm

Manufacturer: Reed Instruments

Model: MEA-REE-01103

Availability: In Stock

Description

The REED R7140 combination tachometer measures both RPM and surface speed (m/min or ft/min) using either its visible-light non-contact laser (5 to 99,999 RPM) or its supplied contact adapters (0.5 to 19,999 RPM). Its rugged ABS housing and memory function make it a durable choice for shop-floor rotational and belt-speed diagnostics. A backlit display and simple slide-switch mode selector keep operation straightforward.
