Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9000-40M 40m (131') Cable For R9000

Manufacturer: Reed Instruments

Model: MEA-REE-01127

Availability: In Stock

Description

This 131.2 ft (40 m) extended-length push cable is a factory accessory for the REED R9000 inspection camera system, letting technicians reach much deeper into pipes and drain runs than the standard cable allows. It comes pre-wound on its own metal reel for quick swapping and tangle-free deployment in the field.
