Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9000-CAMT Camera Head W/ 512hz Transmitter For R9000

Manufacturer: Reed Instruments

Model: MEA-REE-01129

Availability: In Stock

Description

The REED R9000-CAMT is a waterproof (IP67) 23mm camera head with a built-in 512Hz sonde transmitter, letting the camera's exact underground position be located from the surface with a matching REED receiver. It's a drop-in replacement or upgrade head for the R9000 system when pinpointing a pipe defect's location is required.
