Reed R9090 Stud/metal/ac Voltage Detector

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9090 Stud/metal/ac Voltage Detector

Manufacturer: REED INSTRUMENTS
Model: MEA-REE-01140
Availability: In Stock

Description

The REED R9090 is a 3-in-1 handheld detector that locates wall studs, hidden metal, and live AC voltage in a single sweep. Its LCD bargraph display gives an at-a-glance read on detection strength, with sensing depths up to about 2.5 inches for metal. Ideal for electricians, contractors, and DIYers who need a quick, reliable check before drilling or cutting into a wall.
