Reed SW700 Stopwatch W/ Heat Stress Index

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed SW700 Stopwatch W/ Heat Stress Index

Manufacturer: Reed Instruments

Model: MEA-REE-01146

Availability: In Stock

Description

The REED SW700 combines a precision stopwatch with a built-in environmental monitor, tracking temperature, humidity, heat index, and dew point alongside lap and split times. An IPX4 water-resistant housing and dual solar/battery power make it suited for outdoor work crews, coaches, and event staff who need to track both time and heat-stress risk. Backlit display and a 99-lap memory round out the feature set.
