Reed SW-U801-WIN Software, 8 Channel For Windows Xp/7

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed SW-U801-WIN Software, 8 Channel For Windows Xp/7

Manufacturer: Reed Instruments

Model: MEA-REE-01178

Availability: In Stock

Description

The REED SW-U801-WIN is companion PC software for REED's 8-channel data-logging instruments, letting users download, view, graph, and export stored readings from compatible SD-series dataloggers and similar devices. It ran on Windows XP, Vista, and 7, matching the legacy software/CD product referenced in the catalog.
