

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed USB-01 Cable

Manufacturer: Reed Instruments

Model: MEA-REE-01179

Availability: In Stock

Description

The REED USB-01 is the dedicated USB interface cable used to connect compatible REED SD-series dataloggers (and the TQ-8800) to a PC for use with REED's data acquisition software. It includes a small toggle switch that must be set according to the connected instrument model.
